WHAT CAN WE DO?

Plastic is really dangerous for marine life like octopuses, but there are lots of things we can do to reduce our plastic usage. Pick one of the below actions and create a poster teaching your friends and family how they can reduce their plastic use.

Walk or cycle to reduce your carbon footprint, are there any regular journeys that you could change to be more eco-friendly?

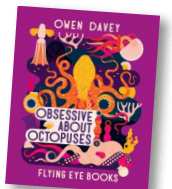

Clear up your rubbish and put it in a bin, maybe you could help with a beach clean?

Recycle!
What items can recycled plastic be turned into?

Carry a reusable bag around with you so you don't need to use a new plastic one, if you did this once a week for a year how many bags would you save?

Eat sustainable seafood, can you find the symbol that is printed on packaging to help you find this in the supermarket?

Avoid single-use plastic like bottled water, what items can you think of that use single-use plastic, are there any alternatives?
